**German Government Funding for Israeli NGOs**

Dear Ms. Durczak,

We are a Jerusalem based research organization founded to promote critical debate and accountability regarding the political activities of non-governmental organizations (NGOs) that are active in the Arab-Israel conflict zone. We were referred to you by the First Secretary of German Embassy in Tel-Aviv, Mr. Lüttenberg, in order to enquire about the amounts awarded by ifa/zivik to Israeli NGOs in 2012 by the German government. Currently, NGO Monitor is preparing a comprehensive update of its research on foreign government funding for Israeli NGOs, and the requested below information is very valuable for us.

According to the link from Mr. Lüttenberg, German government funded Ir Amim, Rabbis for Human Rights and Merchavim.

However, this link does not include the amounts provided for each organization. As part of the transparency process, we would like to ask you to kindly provide us with this important information.

We highly appreciate your cooperation and look forward to hearing from you.

Prof. Gerald M. Steinberg

President, NGO Monitor
